			7

---

<sup>1</sup> Serves as an Elective course

<sup>2</sup> Fulfills the 2nd-level Social Welfare requirement in lieu of SWWEL 2087

## NOTE:

### Other COSA-Gerontology Certificate Requirements

Students must complete two gerontology-related electives:

- One of the two gerontology-related electives **must** be a COSA skill elective course (SWCOSA) where the student completes a project or assignment with a gerontology focus.
- The other gerontology-related elective can be:
  - Another COSA skill elective (SWCOSA) in which the student completes a project or assignment with a gerontology focus;
  - A gerontology elective course offered as part of the [University Certificate in Gerontology](#), a certificate administered by the University Center for Social & Urban Research (UCSUR). Offerings may vary and include courses from various schools/departments in the University. Students selecting this option would use these three credits to fulfill an elective requirement for the MSW. [Please see the website for current options UCSUR \(@PittCSUR\) - Graduate Certificate in Gerontology.](#)
  - A course relevant to practice in aging that is not part of the UCSUR-administered gerontology certificate may be taken if approved by the Certificate Chairperson in advance.

For the two gerontology-related electives, [students will submit to the Gerontology Certificate Chairperson a form with information about the assignment and topic.](#)
